

BEAM CLAMPS

Beam Tong

- Manufactured to exceed all ASME B30.20 and OSHA regulations.
- **ALL** material handling equipment shipped with proof load certification paperwork.
- Durable construction ideally suited to jobsite or warehouse use.
- Powder coated finish with shackle.
- Ideal for moving beams.
- Load must be level when lifted. Vertical lifting only, no side loading.
- Use two beam tongs with beam, if needed to lift level.
- Made in U.S.A.

 Prop 65 – See Page 112

Working Load Limit in Pounds	Part Number	Beam Width Max-Min	Maximum Flange Thickness	HR	Weight	Shackle
2,000	25892	5-6"	5/8"	13.4	16	7/8"
4,000	25893	6.5-8"	3/4"	15.6	18	7/8"
6,000	25894	7.5-10"	3/4"	17.7	30	1"
