

Wire Rope Terminations
Wire Rope Ferrules
1/2" to 1-1/2" Wire Rope Diameter

Mild carbon or stainless steel. Recommended for use on 6X19, 6X37 or 7X19 IWRC wire rope constructions only. Not intended to hold the breaking strength of the wire rope - a destructive test is recommended before use. Ends chamfered to help assembly. WHEN ORDERING: replace '-X' in part number with "M" for mild carbon steel or "S" for stainless steel material.

Part Number*	Wire Rope Diameter	DS After Swage Dim Min	DS After Swage Dim	DS After Swage Dim Max	MS (approx)	Weight Each
